

Thank You
Scripps Howard Foundation Donation
July 2021

On behalf of the Warren County of Ohio Community Emergency Response Team (WC CERT), I wish to express our sincere appreciation for your recent donation of \$1,200.

Your gift supports WC CERT's efforts to

- Assist State, County and Local Emergency Services in an emergency.
- Train, educate, and inform the public regarding Emergency Preparedness.

With your generous support, our CERT team played an integral role in Warren County's response to Covid-19, including:

- A local distillery had converted to manufacturing and bottling hand sanitizer. CERT members volunteered at distillery to assemble "Restart Kits" consisting of hand sanitizer, surface cleaner, and masks.
- CERT members delivered more than 500 of these kits to small businesses throughout Warren Co.
- CERT subscribed to 'ZOOM Meetings' allowing the Team to meet virtually and offer training while Pandemic restrictions were in place.
- During his visit to Warren County EMA (6-18-20), Congressman Steve Chabot was briefed by a CERT representative on current activities related to Covid-19 response.
- When vaccines became available, CERT members volunteered at Warren County Health Department's call center to aid residents who didn't have access to computer or internet.
- CERT members managed parking and directional activities at Warren County's mass vaccination site.
- CERT members responded to a mutual aid request to assist at a mass vaccination site outside of Warren County.

Your recent donation will help us purchase shirts, high visibility vests, and hats that will be used in our response efforts.

Again, thank you for helping us in our mission.

Sincerely,
Karl DeBord
WC CERT Treasurer
